

# IAM (Senior) Consultant for One Identity (m/f/d)

For our **U.S.** branch we are looking for **(Senior) Consultants in the field of IAM with focus on One Identity.**

## About us

iC Consult is the leading consultancy and systems integrator specialized in Identity and Access Management (IAM) solutions for global organizations. Our services cover strategy, architecture, implementation and integration of all aspects of IAM. Cross-industry IAM references prove our excellence in supporting our well-known customers from the automotive, logistics, pharmaceutical and finance industries not only in classic IAM topics, but also in innovative topics such as Customer IAM, Internet of Things or API Management.

## Your Tasks

- Design and implementation of Identity and Access Management solutions based on One Identity Manager
- Analysis of customer requirements in complex environments
- Development of solution proposals and recommendations for action
- Consulting and management of customer projects
- Implementation of customer specific enhancements

## Our Expectations

- You have successfully completed a degree in computer science, business informatics, mathematics or a related course of study, or you have completed IT training and have several years of professional experience
- Extensive experience in the environment of IAM solutions in companies
- Profound knowledge of .Net programming, SQL, Windows, Active Directory, directory services, SAP R/3 and cloud technologies
- Broad technical understanding
- Interested in IT processes and open to new trends and technologies

## What we offer

- A position in an established, high-growth company headquartered in Germany with flat hierarchies and efficient decision-making
- High degree of personal responsibility and a large scope for independent decision-making
- Many opportunities and support for personal and professional development

- Above-average compensation and life power coaching (personal coach)

## **Interested?**
