

Junior Consultant (m/f/d) for IT-Security

We are looking for a Junior Consultant for IT Security at one of our locations in Germany (Aachen, Dortmund, Dresden, Essen, Frankfurt, Hamburg, Munich, Stuttgart), Zurich, UK or Remote as soon as possible.

Your tasks

- You advise our customers on all aspects of identity and access management (IAM), from requirements analysis to specification and implementation
- You implement IT security solutions for Internet and intranet platforms
- You use innovative products and modern technologies such as Identity Federation, API Management, Customer Identity and Access Management (CIAM) or Identity Lifecycle Management

Our expectations

- You have successfully completed a degree in computer science, business informatics, mathematics or a related field of study
- You have a broad technical understanding, are interested in IT security and are open to new trends and technologies
- You have first experiences in Java, the Java ecosystem, Microsoft .Net or other programming languages
- You have very good German and English skills
