

IAM Consultant (m/f/d) Identity and Access Management

Ready for an Exciting Career in Identity and Access Management (IAM)?

We're in search of an experienced **IAM Consultant (m/f/d)** to join our team in **Spain**. The best part? You'll be working mostly **remotely**, with **occasional client site visits**, offering the ideal blend of flexibility and hands-on engagement.

Your Responsibilities

- Collaborate with clients to understand their **Identity and Access Management (IAM) needs** and provide **expert consulting services**
- Implement and configure **IAM solutions**, ensuring **seamless integration** with client systems – you'll work with technologies such as **ForgeRock, Ping Identity, One Identity, or SailPoint**, depending on project requirements
- Conduct **IAM assessments, analyze requirements**, and design **tailored solutions** to meet unique needs
- Provide **technical guidance** and support throughout the **project lifecycle** to ensure successful deployment and operation of IAM solutions
- Conduct **workshops and training sessions** for clients on IAM best practices
- Assist in the **development of IAM strategies and roadmaps** while staying abreast of **industry trends** and **emerging technologies** in IAM

Your Skills and Requirements

- **3+ years of experience in IAM Implementation projects**, showcasing your deep knowledge and proficiency; relevant certifications in IAM technologies are a plus
- Expertise in at least one of the following IAM platforms: **ForgeRock, Ping Identity, One Identity, or SailPoint**
- A strong understanding of **IAM principles, protocols, and best practices**
- **Excellent communication skills**, allowing you to engage effectively with clients and collaborate seamlessly with internal teams
- Ability to **troubleshoot and resolve complex IAM issues** to ensure the security and functionality of client systems
- Willingness to **occasionally travel to customer sites**
